THE REDISTRIBUTION FIGHT

The fight on the Redistribution bill at present before parliament is going on merely not only in the house of commons but in the press of Ontario, the province which is most affected. In the city of Toronto, the representation of which a radical change is contemplated, the Mail and Empire has also shown up the inconsistencies of the proposed measure, while the Globe has taken up the cudgels on behalf of the government. From a fair and impartial standpoint it must be admitted that the Mail and Empire has been compelled to admit that the Redistribution bill will cause "inequalities" in some constituencies and "others" will be "enriched" at the expense of others. It admits that the giving of two members to Norfolk, Ontario, while Wexford with 30,000 in population only has one member, is a gross injustice. It also admits that Toronto is "undoubtedly under-represented" in the house of commons. It says that "if these are details on which we do not agree, we see no reason why the powers of the judges should be extended so as to produce a settlement that will be satisfactory to all." It should thus be evident that the Mail and Empire has at least the good effect of making the house of commons aware that it has at present no power over the Redistribution bill. It is a concession, a glaring inconsistency in the present position. For instance in the cases where it gives Norfolk two members and Wexford only one, the only reason as the bill stands now is that Norfolk is a large town and Wexford is a small one. But even supposing that the powers conferred by the bill upon the judges were what it pretended they are, there are still serious objections to the bill. In the first place, it is unconstitutional and contrary to parliamentary precedent at the time of its enactment in 1867. It is a violation of the constitution. It is a violation of the constitution. It is a violation of the constitution.

CORRUPTION IN POLITICS

South Ontario returned a Conservative at the provincial general election, whom the Liberals succeeded in unseating some weeks afterwards without much difficulty. They then nominated and elected Hon. John Dryden, who has now been unjustly unseated for the same reason as the Conservative. The Ontario press is now placed in the somewhat awkward position of having to ride in the glass coach which is said to be an effective deterrent against stone throwing. On all hands it is admitted that neither party is better than the other, but rather that they are both "equally worse," and the good old problem how to get rid of bribery and bribery is still open for solution. One paper goes so far as to suggest that the constituency should be disfranchised for seven years, a suggestion which if carried out wherever bribery was proved to exist, would mean the disfranchisement of the whole Dominion with the possible exception of Mr. Tarte's constituency. Other newspapers, however, are more moderate. They say that the voters are very much better than the politicians, and would appeal rather to the conscience of the voters than to the pocket of the politician. They say that the voters are very much better than the politicians, and would appeal rather to the conscience of the voters than to the pocket of the politician. They say that the voters are very much better than the politicians, and would appeal rather to the conscience of the voters than to the pocket of the politician.

TRUMPET FOR RIGHT

Montreal Gazette: It is a terrible reality that the court of cassation has administered to the military authorities in Paris in ordering that Captain Tarte should have a trial on the charge of treason, which he was convicted by a court martial, the members of which, if they were honest, were incapable through prejudice or ignorant devotion to their chief, that most solemn but simple duty of judging fairly between an accused man and his accusers. Not only were members of the court martial sworn, but those who assumed to do it, it would appear, speak and act in the name of the nation. The "army" movement for the enquiry which has just been made in the parliament will probably result in a decision that the President was not guilty. So strong was this army influence that three ministers of war and one active military retired or fell in the process of forcing a way for justice. Now, the military and crimes are all receding on the heads of those who perpetrated them. The "army" influence has been brought in to the contempt of the civilised world, which, by one of those curious courses of events that Deffray, if not innocent, was unjustly convicted and that his enemies should be subjected to the same trial for the year, has been deriding.

CLASSIFIED ADVERTISEMENTS

By-elections are good things for doubtful constituencies. Winnipeg should now be fairly "in it" as the promise now made are to be carried out. The expenditure of \$100,000 on the Red River improvements and the fact that the Ontario government have been even promised if there was a by-election pending. The conclusion of the Edmonton trial, no doubt, has proceeded with on the eve of the next general election.

LACOMBE.

Lacombe is one of the most flourishing towns on the Calgary & Edmonton railway. It is 113 miles north of Calgary. Has post office Express Office, churches, hotels, several fine stores, blacksmith's shops, saddlery, implement warehouse, livery stables, etc. Lacombe is surrounded by a splendid mixed farming country, well watered and with plenty of shelter. The district is being rapidly settled up, but there is still a quantity of desirable land open for free homestead entry. New settlers are well looked after upon arrival.

LACOMBE NEWS.

Lacombe, June 13.—(Special)—The Ladies' Aid of St. Andrew's church intend giving a nickel social on the 15th of July in the Agricultural Hall. The cream, cake, etc., will be the order of the day. The object is a deserving one, so it is hoped the attendance will be good.

The sports committee are busy getting the race track in condition for the 1st of July. Several teamsters are giving their services gratis. It is the intention of the committee to fence in the grounds and no expense is being spared to make the sports a splendid success.

Mr. P. H. H. has returned from Victoria. He will commence building a house on his land in the Canyon valley, which he bought from the C. P. R.

Mr. J. H. Crawford and Dillard, from Minnipeg, are here as delegates on behalf of a number of families, who will be guided by their reports.

Mr. Owens arrived with a bunch of horses from Calgary for sale in this district.

Saturday was a busy day in town. A number of settlers coming in from the country.

Mr. Moore sold his team of horses to Mr. Gladwin at a satisfactory figure.

His wife will at full lake is running full tank and turning out of lumber.

Mr. Burdick, the land guide, is surrounded by an interested crowd every day, listening with great attention to his eloquence.

Sixteen new settlers from Dakota and Wisconsin arrived yesterday and are driving out today. Lacombe is bound to come to the front.

WETASKIWIN

Wetaskiwin, June 13.—The weather conditions excellent for the crops. Grain is growing rapidly.

W. B. Verner suffered from a very bad cold, and after a week's rest, he is almost well.

Mr. Chappell and children have gone to Red Deer on a visit to folk and friends.

T. E. Perrett, school inspector, inspected the school on Monday. The boys have done credit to the schools in this district.

Mr. Bond has purchased the farm and stock of Mr. Talbot. Mr. Bond will go into cattle raising. Mr. Fred Crapau also sold his farm to an incoming settler. Several other farmers are about completed.

Barbed wire and furniture are coming in by the car load. Wallace & Co. of Calgary got the best cars this week.

Wetaskiwin has taken but hold of a great many. The streets in the evening are lively because of the many whites.

There are three men employed in the creamery to keep up the work. This season will be a much larger one than last year.

Live hogs are being brought in, but slowly.

W. E. Edmonson, mayor of Edmonton, and Mrs. Edmonson, arrived from Edmonton last night on route to Red Deer for a week's holiday.

Mrs. Oliver, wife of Frank Oliver, M. P., and Miss Clara Oliver arrived from the north last night and left this morning for Ottawa.

Sam Kemp of Innisfail is in the city today.

The Innisfail race took place on June 2nd. Three horses have been arrived from Edmonton. Transby Croft, Lucy Lockie and Queen. Several Calgary horses are also expected to take part.

OLD TIME

Harris, June 13.—(Special)—S. R. Olden, John and Dick, who were south to Calgary on Tuesday's train and took in the Cochrane races, while down, returning north to Olden again on Friday.

Mr. Wilcox, of Pine Creek, stayed over in Olden a few days last week with a bunch of young horses that he was taking north for sale. He sold several horses while here.

Lost, strayed or stolen, a good lot of young horses. Finder of same will be handsomely rewarded by holding same until the mosquitoes have left them.

T. O. Critchley is almost laid up with a bad cold on one of his legs.

The union Sunday and day school picnic will be held on the 1st of July under the auspices of the second annual picnic of the Olden branch of the Klondike road, seven miles north east of Olden. Everybody is cordially invited and ladies bring baskets.

A good time is expected by mixed machinery has arrived for Hainstock & Dean, which they are selling. Machinery is being sold very rapidly, and W. Lyman has just received a car of lumber. A good deal of it is being bought to build the Presbyterian church, up near the New Narambela home.

P. J. Gracie has retired from the general store business and is succeeded by Messrs. Cole & Bruthorn. The store is in a very bad shape, but the crops are looking fine with the warm showers we are having.

INNISFAIL NEWS

Mr. John Owens passed through town with a band of 25 horses for sale. The animals were mostly of the standard purpose class and were broken.

The mosquitoes this year are a terror. By an error our item relative to the Innisfail races was that it was to be on the 1st of July. This is an error, as horses entered can be ridden by any rider of any weight.

We would also draw attention to the fact that the only race in which there is any limit as to locality is the Farmers' race.

By an error our item relative to the Innisfail races was that it was to be on the 1st of July. This is an error, as horses entered can be ridden by any rider of any weight.

OLANDERS

To The Editor of The Herald.

Sir: In referring, in a late issue of your paper, to a statement in the Farmers' Advocate, re "Olanders have been sent into Manitoba from Alberta," you use the following expression: "It is probably useless to expect the Dominion government to do anything, etc., etc."

The Dominion government are doing a great deal in the above direction, and in The Herald some time ago, you were kind enough to say that you would "investigate all persons having animals suspected of disease to be sent into the nearest N. W. M. P. Post, when the matter would be attended to."

Four police veterinary surgeons are travelling most of their time in Alberta, and all animals suffering from contagious diseases have been found and sent to the nearest N. W. M. P. Post, where the matter would be attended to.

We should like to see the hurdle race, and we are sure that the regulation weight and made in a way to avoid obstacles to horses of riders.

Mr. G. W. West asks us to explain what he considers looks like the collection of the court of equity in the Innisfail Public School district. Mr. P. H. H. has returned from Victoria.

Mr. P. H. H. has returned from Victoria. He will commence building a house on his land in the Canyon valley, which he bought from the C. P. R.

Mr. J. H. Crawford and Dillard, from Minnipeg, are here as delegates on behalf of a number of families, who will be guided by their reports.

Mr. Owens arrived with a bunch of horses from Calgary for sale in this district.

Saturday was a busy day in town. A number of settlers coming in from the country.

His wife will at full lake is running full tank and turning out of lumber.

Mr. Burdick, the land guide, is surrounded by an interested crowd every day, listening with great attention to his eloquence.

Sixteen new settlers from Dakota and Wisconsin arrived yesterday and are driving out today. Lacombe is bound to come to the front.

PROFESSOR ROBERTSON

Visits Calgary—Interviewing News for Dairy Farmers of Alberta.

Professor Robertson paid a flying visit to the city last week to confer with C. M. Karker as to the season's work of the government creameries in this district.

He expressed himself well pleased with the work of the past year and the prospects for the future. He is an increased demand for strictly local market, he said that no efforts should be made by the department in making the North West creamery successful paying institutions to the dairy farmers who are producing them.

The report that the government is intending to give up the creamery, Professor Robertson on being asked as to the correctness of this report said that the department of agriculture would continue carrying on the operations of the creamery for two years more at any rate, and that he would be willing to accept the management of the creamery, after the business is placed on a paying basis and the debt on the creamery is paid.

As to the establishment of the proposed "Institution of Science" Prof. Robertson said that several would be started in the West though the location had not yet been decided upon. He likely be made during the present year as to that, and the work commenced.

These stations are calculated to be of immense benefit to the country, in giving practical illustration of the effects of judicious selection, rotation of crops and cultivation of the soil, and the results of the work will be given to the farmers of the work, public meetings and reports from time to time.

Prof. Robertson left for the east on Monday morning, having spent a couple of days in Revelstoke. On his way home he will address a meeting at Brandon, and shortly go to Eng. land on departmental business.

IMPROVING THE BREED

Live Stock for the West via Association.

Farming, Toronto, says that a carload of stock, shipped under the auspices of the Dominion Live Stock Association, was started from Painesville, Ontario, on Tuesday last. There were loaded at that point a Yorkshire now from Wm. Howe, of North York, and Shorthorn bull from George Douglas, of Wm. Howe, of North York.

The saw will be delivered to T. Bradford, Stonehall; the bull to J. T. Patterson, of Calgary. At Stonehall a bull was loaded, addressed to Chas. McKinnon, Calgary. At Stonehall, a bull was loaded, addressed to J. T. Patterson, of Calgary.
